## Where Twisters Have Left Their Scars On Nebraska

Although to date, eight twisters (as indicated by the circled and numbered areas on the Weather Bureau map above) have hit the state causing a death toll of seven, the state is having an easier time tornado-wise this year.

Last year at this date, 29 tornadoes had hit Nebraska—including the Hebron tornado which took the lives of five persons and the Arcadia twister which killed 11 persons.

In 1954, six persons died as a result of the Norfolk tornado which struck on Memorial Day (4) and one person was killed by the June 17 twister which cut a swath of destruction through Wayne, Thurston, and Stanton counties (6).

The other tornadoes this year: (1) May 16, farm property damage; (2) May 20, farm property damage; (3), May 22, no damage listed; (5) June 7, farm

property damage, (7), June 13, grandstand damage; (8) June 20, minor property damage in Grand Island.

W. R. Stevens, chief of the Lincoln Weather Bureau, said a check of the records discloses that the Nebraska "tornado months" are May and June with July running a close second. However, Stevens added that tornadoes can occur any time from April to October.

"In fact," said Stevens, "some of Nebraska's worst tornadoes have occurred in October." The 1953 tornado total stands at 34 with four hitting the state in July and one in August.

Weather Bureau tornado maps for 1953 and 1954 show that about the safest place to be when a tornado comes this way is the Sandhills area. Most twisters hit in the northeast, southeast, south central, or southwest. (Star Map)

## Auditorium Planning Gives Latest Ideas

### ... OLD DRAWINGS TOO OUT-DATED

By BILL DOBLER  
Star Staff Writer

Why is the city of Lincoln junking past auditorium plans and specifications which have cost over the years nearly \$45,000 in architects' fees?

The answer to that question is given by Councilman Pat Ash, chairman of the City Council's auditorium committee in one short sentence, "the old plans are obsolete."

What would be the point, Ash asked, in erecting an old, out-of-date building just to save past architects' fees? If the old building were erected and turned out to be a white elephant, he said, the money that might have been saved by using the old plans would soon be more than lost through repairs in the red.

### Changed Needs

"The requirements of the city," Ash said, "have changed materially since the old plans were adopted and new innovations in lighting, acoustics and other lines have been adopted. Unfortunately, those old plans of 13 years ago were not even brought up to date as they should have been the last time the city took bids on the auditorium."

As explained that the Council committee, and the Citizens Advisory Auditorium Committee, have agreed on construction of a multi-purpose auditorium.

This means an auditorium that can be used for all types of large or small gatherings. With such a structure, he said, top road shows could be presented in one or two night stands where they could have never been

### The Weather

NEBRASKA: Generally fair southeast, scattered thunderstorms, wet and north central portions in afternoon or evening, spreading over most of north portion Friday night, not so hot except northeast; Saturday partly cloudy with scattered thunderstorms, little change in temperature, high Friday near 90 northwest to near 100 southeast.

# Fixed Crop Supports Given Senate Committee OK

## Approval Denied To Ike's Plan

Aiken Is Hopeful Of Reversal In Senate

By J. W. DAVIS

WASHINGTON (AP) — The Eisenhower administration's plan for flexible price supports for farm products took an 8-7 beating in the Senate Agriculture Committee Thursday. Chairman Aiken (R-Vt) predicted the Senate ultimately would reverse the decision.

A bare majority of the committee voted — as the House Agriculture Committee had previously voted 21-8 — to keep the government support prices at a high, fixed level for another year on the basic crops. These are wheat, corn, cotton, rice, tobacco and peanuts.

For more than a week, the 15 Senate committeemen had been on notice that the crucial vote would come Thursday. Sen. Young (R-N.D.), an unrelenting critic of the flexible system asked by President Eisenhower and Secretary Benson, proved to be exactly right in his predictions of how it would come out.

**Committee Vote**

The vote was on Young's motion to extend the fixed supporters one year, and here was the lineup:

For — Young, Thye (R-Minn.), Mundt (R-S.D.), Ellender (D-La.), Humphrey (D-Minn.), Johnston (D-SC), Eastland (D-Miss.) and Clements (D-Ky.).

Against — Aiken, Hickenlooper (R-Ia.), Williams (R-Del.), Schoepell (R-Kan.), Walker (R-Idaho), Holland (D-Fla.) and Anderson (D-N.M.).

The House Agriculture Committee, in an eleven-hour action, narrowly defeated a bipartisan move to strip Secretary Benson of authority to control plantings.

The committee put the finishing touches to its bill, and the house probably will take it up next Wednesday or Thursday.

By the margin of a single vote — 15 to 14 — the committee rejected an amendment by Rep. Cooley (D-N.C.) to deny Benson the right to tell farmers what they can plant on acreage taken out of production of surplus crops.

A similar provision was defeated the previous day after Cooley charged that Benson's diverted-acreage control plan would make him an American farm "czar" able to dictate what farmers can grow.

The committee approved a proposal which will be offered from the House floor as an amendment. It would have the effect of increasing 1955 wheat acreage by as much as 800,000 acres above the acreage "floor" of 55 million set by Benson Monday.

It would provide that farmers practicing summer-fallow crop rotation would not have to take an acreage cut greater than the national average for all wheat farmers under the 1955 Benson cut-back.

Chairman Hope (R-Kan.), author of the amendment, said that otherwise some farmers in this category would be cut as much as 50 per cent of their acreage, as against an estimated national average for all wheat farmers of approximately 33 per cent.

**Fontanelle Woman Gage Home Agent**

Lincoln Star Special

BEATRICE, Neb.—Miss Eleanor Steavenson of Fontanelle, Neb., has been named new Gage County Home Agent by the county extension board.

She will assume her duties Aug. 1 and replaces Miss Joan Sedlacek of Ord, who resigned recently.

Miss Steavenson was raised on a farm in Washington County near Fontanelle and was active in 4-H and home extension work. She only recently received her degree in home economics from the University of Nebraska and has received field training with the Burt County Extension office at Tekamah.

## Filipi On Stream Pollution: 'Nebraska Just Works Slowly'

By BILL HINEL  
Beatrice Bureau

BEATRICE, Neb. — T. A. Filipi, engineer with the Nebraska Board of Health, said in referring to the state's stream pollution, "Nebraska just naturally works slow."

"We will eventually have good highways and we will eventually do something about the bad tasting water we are sending downstream to Marysville and Manhattan, Kan., we just need time," he said.

Filipi and D. F. Metzler addressed a group of about 50 persons called to a special meeting on stream pollution and sewage disposal problems along the Blue River. The meeting was called by Beatrice Mayor Allen Davison, and city officials of a dozen Kansas and Nebraska towns were invited.

Many of those present at Thursday night's meeting represented civic and fraternal clubs or churches.

**Industries Knock**

During the meeting, which was planned as a question and answer discussion, Filipi told the group that the heads of many industries were knocking on Nebraska's front door looking for locations for their plants. Many of those businesses were being forced to move from other states because of stricter laws concerning pollution which would have made it necessary for them to build disposal plants. With Nebraska laws not being enforced as strongly as they should be, they would like to locate here and dump their waste materials in our streams, Filipi said. "We would like to have those industries here," he added, "but not under those conditions."

The Nebraska sanitary engineer pleaded, "the problem is before us and I hope that Nebraska

leads the way in voluntary building of sewage treatment plants." He added that in Nebraska, which should have 236 sewage disposal plants, there are only 142. "We need 84 more very soon," he said.

Presenting Kansas's stand on the pollution problem, D. F. Metzler pointed out that Beatrice sewage, and that from other cities not treating their wastes is adversely affecting river water supplies in Kansas.

**Kansas Steps Taken**

"Kansas sewage was also causing unnecessary pollution until the Kansas Clean Streams Program was instituted by the Kansas Board of Health in 1950." Since that time, Metzler said, 80 cities in Kansas have built new sewage treatment plants and 130 have been built since 1947.

The benefits of this program have been evident in a wide degree during the last two years of deficient rainfall. "Water has been made available for use which was not fit for use two years ago," Metzler said. He added that the entire Kansas River Basin and its tributaries will be cleaned up by the Jan. 1, 1955 deadline set by the Board of Health or within a short time thereafter.

**Mining Halted**

PHILADELPHIA (AP) — The board of managers of the Lehigh Coal and Navigation Co. decided to discontinue mining operations in Panther Creek Valley.

G. M. Dodson, president of the company, announced that the services of all employees of its subsidiary — Lehigh Navigation Coal Co., including salaried workers — will be terminated as of June 30. W. J. Parton, subsidiary president, said that 4,000 employees of the operating mining company would be notified by personal letter.

The Nebraska sanitary engineer pleaded, "the problem is before us and I hope that Nebraska

## News Around The Globe

### Wide Differences

CHICAGO (AP) — President Herbert Hoover declared Thursday night that "Our difficulties are not limited to the Communists — they arise also from a lack of unity among the free nations in dealing with these difficulties."

He added in an address at the annual dinner of the Merchandise Mart Hall of Fame:

"We must realize that there are wide differences in racial inheritances, economic and political objectives in each of the free nations. . . . The interests, objectives and policies of nations constantly shift with this rapidly changing scene..."

### Request Shaved

WASHINGTON (AP) — The House and Means Committee voted to bring about four million more workers under unemployment compensation, shaving down an Eisenhower administration request to cover six million additional employees.

The committee voted by a lopsided margin it was announced, for a plan to extend coverage to firms which employ four or more workers for 20 weeks or more in one year.

### Hess Elected

SAN FRANCISCO (INS) — Dr. Elmer Hess of Erie, Pa., one of the nation's outstanding urologists, was unanimously elected 1955-56 president of the American Medical Association, the world's largest organization of physicians and surgeons.

### Auto Output Third Best

DETROIT (INS) — Automotive News predicted that the industry will close out the first half of the year with a total production of 2,957,000 cars, the third best January-June period in automotive history. The trade paper said output this week will amount to an estimated 113,610 cars and 20,142 trucks, compared with 113,626 cars and 20,227 trucks last week.

### Kansas Steps Taken

"Kansas sewage was also causing unnecessary pollution until the Kansas Clean Streams Program was instituted by the Kansas Board of Health in 1950." Since that time, Metzler said, 80 cities in Kansas have built new sewage treatment plants and 130 have been built since 1947.

The benefits of this program have been evident in a wide degree during the last two years of deficient rainfall. "Water has been made available for use which was not fit for use two years ago," Metzler said. He added that the entire Kansas River Basin and its tributaries will be cleaned up by the Jan. 1, 1955 deadline set by the Board of Health or within a short time thereafter.

The Nebraska sanitary engineer pleaded, "the problem is before us and I hope that Nebraska

### Courage Urged

SE OUL (Friday) (P) — President Syngman Rhee on the fourth anniversary of the outbreak of the Korean War today urged the West "to resolve to use the courage and force necessary to win over an enemy determined on world conquest."

"Even if our friends hesitate, shutting their eyes to realities, we Koreans will not sheepishly wait until we become Communist slaves," Rhee said in a speech prepared for delivery at a mass rally in the capital.

### 3 Die In Crash

SEATTLE (INS) — Three persons were killed and a fourth injured Thursday night when two light planes collided in air and then crashed into a hillside on Seattle's outskirts.

The two planes were headed for a landing at Bellvue Airport across Lake Washington from Seattle when they crashed in air.

### Moody Improved

HANCOCK, Mich. (AP) — Former U.S. Senator Blair Moody was reported "a little improved" Thursday night, but still in serious condition after a heart attack.

Moody, 52, longtime Washington newsman, was stricken Thursday morning during a campaign tour through Michigan's Upper Peninsula for the Democratic senatorial nomination.

### 'Wrong Man,' He Says

LOS ANGELES (AP) — Mrs. Frances Short, 28, sued for divorce a man who claims he never was her husband. "You've got the wrong man," said David Ace Briscoe at a hearing on Mrs. Short's demand for support pending trial of the divorce suit. Briscoe told Superior Court he had never been in Greeley, Colo., where Mrs. Short says they were married, and offered as evidence his wife Mona and two sons. Mrs. Short claims Briscoe married her in 1943 and left her in 1947, after they had three children.

### Auto Output Third Best

DETROIT (INS) — Automotive News predicted that the industry will close out the first half of the year with a total production of 2,957,000 cars, the third best January-June period in automotive history. The trade paper said output this week will amount to an estimated 113,610 cars and 20,142 trucks, compared with 113,626 cars and 20,227 trucks last week.

## POSTCARD

"BAD HOMBURG," said Mr. Franz Schwarzenstein of the German Tourist Bureau, "is known as 'The Mother of Monte Carlo.'"

Bad Homburg is 20 minutes on the autobahn from Frankfurt, Germany. It was a favorite retreat for Edward VII when he was Prince of Wales. Ludwig I came here with Lola Montez. And the Kaiser found its baths invigorating.

When Edward VII invented a hat, he called it "the Homburg." This was a fortunate invention. Else today's diplomats would have mighty cold heads.

The French brothers Blanc started the Spielbank. What you call a gambling casino," said Mr. Schwarzenstein. "In 1857, Bismarck outlawed gambling and the brothers moved to the fishing village of Monte Carlo. That is why we call it The Mother of Monte Carlo."

At the Ritters Park Ho-

TEL, Mr. Frank J. Goller, the manager, advised me to visit the Casino. "We call it 'The Mother of Monte Carlo,'" he said. "The French brothers Blanc."

"The Spielbank is famous," said the waiter at The Tennis club. "We Call it 'The Mother of Monte Carlo,'"

I said. "Is that venison patty?" "Wildpasta," agreed the waiter.

"You make a paty of the roebuck. With a little of the liver addicd. You wrap it all in bread dough and bake it. It comes out looking like a loaf of bread. Then you slice it. The ca-

sino was started by the French brothers Blanc."

"Who left in 1857 to open Monte Carlo," I said. "That is why we call it 'The Mother of Monte Carlo,'" the waiter finished triumphantly.

There is a small bar and cof-

fee room. The other rooms are filled with gambling equipment. It was all roulette. One wheel serves two tables. The smallest chips were two marks. About 50 cents, U.S.

Nobody places his own bet. You flip out your chip and call your bet. There are three croupiers to poke the chips out with silver rakes.

A lookout sits on a high chair looking over the wheel and the two tables. Play was very brisk. But there was little noise. Not like the library silence of the Casino at Estoril in Portugal. But not the whooping noise of Reno or Las Vegas.

\* \* \*

An Assistant Manager sat with me at the bar. "Have you heard," he said, "that we call this 'The Mother of Monte Carlo?'"

"I have indeed," I said. "What is the limit?"

The assistant manager said the limit was 70 marks on single numbers and 2500 marks on even money bets. Like red and black. The table had 5000 marks. If it went broke, the house was ready to replenish it with another 5000.

"Monsieur plays?" said the assistant manager.

Copyright by The McNaughton Syndicate, Inc.

\* \* \*

"Well, poduh," I said modestly. "I have given the game a fling or two. Though to tell the truth I am a mighty handy hand at a crap table where I often stack up against Nick the Greek and such gamblers."

"I play a system," I said. "It worked wonderfully at the Circle RB in Reno. But later I stacked it up against Mr. Bernie Elntoss's lawout at the Mapes. And something went off balance."

The assistant manager said they had many systems played at the Spielbank in Bad Homburg. "Many, many, many," He said he would be delighted to see my system in action.

I said I would simply risk a small 50 marks to begin with. Later when I had built it up to limit stakes, I would call him over to see the kill.

I never did though. Something has been going wrong with my system lately. And I must get back to the Circle RB to shake it down.

"Auf Wiedersehen," said the doorman.

"Hasta la vista," I said. "And give mother my love."

## End Of An Era

There are infrequent reminders that some of the bright hopes held here in the United States for new uses and new products contributing to American self-sufficiency have washed themselves out.

During the war there was a great deal of talk about the production of grain alcohol. The Omaha Alcohol Plant was built primarily with that thought in mind and in the belief that it would contribute materially to the solution of government grain surpluses. Apparently thinking in that direction is out the window.

What happened was this.

Clarence Francis, a special consultant to President Eisenhower, and N. R. Clark, one of Secretary of Agriculture Benson's advisers, met with J. L. Welsh of Omaha to discuss utilization of the Omaha Alcohol Plant to dispose of government grain surpluses.

"They were interested in no plan that in any way competed with private enterprise," Welsh reported later. "They took the posi-

## Poor Li'l Whipping Boy

Elsewhere on this page is a letter from a reader suggesting that Sen. Joe McCarthy is being made a "poor li'l whipping boy" by some of the press, the commentators, and sundry others.

One could not be wholly certain that Sen. McCarthy will be happy about this. If there is one thing which the senator has prided himself on, it has been his ability to take care of himself no matter how rough and tough the going gets.

There is one phase of current controversy which apparently is overlooked by the correspondent. He seems to have a notion that there are commentators and editors whose

## Of Men And Things

By J. E. LAWRENCE

In Nebraska's neighbor to the west, Colorado, Wednesday Gov. Dan Thornton, suggesting that the entire state of Colorado be placed in the drought disaster category, described that present drought as the worst in the history of the state.

★

Crops had been burned and destroyed. Colorado's metropolis, Denver, faced an acute water shortage. There was no feed for livestock. And directly east of Nebraska, the capital of another neighboring state, Des Moines, battled desperately throughout the dark night Wednesday

to keep flood waters from inundating large sections of Des Moines, the Iowa capital. They will take care of Flanders.

What has McCarthy done to harm this country except expose traitors and subversives, the correspondent asks.

If our questioner will simply name, one by one, the traitors and subversives actually uncovered by McCarthy, then we will be happy to give full publicity to the facts. Perhaps the simplest road to understanding is to get down to cases.

## Guatemala In Brief

We have already taken sides in the Guatemala rebellion. The next thing to do is to find out where and what is Guatemala.

In the first place it is a Central American republic approximately 900 miles north of the Panama Canal. It is bordered on the northwest by Mexico and on the east by Honduras, the Caribbean, Salvador and the British Honduras. Since the continent makes a sharp turn eastward in that latitude, making toward the Panama Canal, Guatemala looks south at the Pacific Ocean. That takes care of its geography.

Long ago Guatemala was home base for the Mayan Indians and they built extensive cities there. But for some reason they relocated northward in the state of Yucatan, Mexico. After that the Spanish took over the place joining with the native Indians to produce the present Guatemalans. The Spanish got out of there in 1821. Guatemala for a time then formed a part of Mexico. Later it joined up with the United Provinces of Central America but when that promotion blew up, it set up as an independent republic. It is about half as large as Colorado and has three times as many citizens who live the hard way.

Guatemala produces bananas and chicle for export and revolutions for domestic consumption. The present one would be looked upon indulgently but for the fact that it is not domestic. The Reds have planted their virus there less with the idea of stirring up trouble in Guatemala than establishing a western hemisphere beachhead against all of us.

## Not Pawns

U.S. chess experts were engaged with Russia's traveling team in a match at Long Island. It has been learned that the Russians are government supported pros spending full time at the job while traveling to this country and that to prove whatever it is that Russia wants the world to believe. The U.S. team works at private tasks and play chess in their off hours. The Americans came out on the short end. But they can be contented with knowing that while they lost a few pawns they are not pawns.

## Unusual Churchill Found Life To Match

WASHINGTON — Things you may not know about Winston Churchill: After Winnie suffered a stroke last year, he wiggled his toes desperately and persistently every morning to try to bring back his circulation: "I'm going to fool Eden yet," he fumed.

Eden is slated to become prime minister if Churchill dies . . . Two years ago Churchill confided to a friend that he wished he had passed on the way Roosevelt did during the peak of the war. He said he felt lonely . . . But last year the 79-year-old bulldog pulled himself back to life by sheer will power.

**Tempestuous life**—Churchill has come closer to death more times than any other British statesman. In the Malakand campaign near the Afghanistan border he was almost killed by Pathan tribesmen. In the Boer war he was captured when an armored train was wrecked. The Boer who captured him turned out to be Louis Botha, who later became first prime minister of the Transvaal . . . Arriving by boat in India he fell off the dock and saved himself by grabbing a mooring rope . . . In World War I he was serving as a lieutenant colonel and left his underground trench to meet a general. The general never kept the appointment. When Churchill got back to his trench it had been blown to smithereens . . . When 18, while being chased by his brother and cousin in a game at Lady Winborne's home, Churchill jumped from a bridge to the tops of some young pine trees below. The drop was 30 feet, and he ended up in bed for three months . . . In New York 40 years later, Churchill stepped off the curb and was hit by a taxi driven by Mario Constanino. Quite badly injured, he exonerated the driver, and managed to fall all but 10 of 45 lecture engagements.

Churchill's decisions — Winnie and FDR charted some of the most important strategy in the last war, and at times American generals and admirals resented it . . . When visiting in the White House, Churchill stayed up until 3 a.m. every night talking to Harry Hopkins. Worn out, FDR always retired earlier. U. S. military men disliked these visits, felt Churchill put his views across late, when they had departed and he was left alone with Hopkins . . . Winnie wore a crimson and gold kimono, loose carriage slippers, used to flap down the White House hall to FDR's room. He got up just before noon, drank champagne at lunch, slept in the afternoon, and polished off a bottle of brandy during the evening . . . Mrs. Roosevelt was never too happy about Winnie's visits, usually left town when he arrived.

Churchill's war policies—Winnie was dead opposed to the second front across the English channel. That was one reason Stalin hated him. He wanted to wear the Germans out in Italy and the Balkans, which he called the soft underbelly of the axis . . . U. S. generals claimed the belly was anything but soft . . . When General Al Wedemeyer, chief of U. S. War Plans, brusquely opposed Churchill's ideas on a Mediterranean war, Winston arranged to have Wedemeyer transferred to China . . . It was Winnie who helped pick Gen. Charles De Gaulle and made him the exiled leader of the Free French, a decision he's sometimes regretted. (Copyright 1951 by Bell Syndicate, Inc.)

## MARQUIS CHILDS

## Conferees Seek Return Of US-British Unity

WASHINGTON — The imminent visit of Prime Minister Sir Winston Churchill and Foreign Minister Anthony Eden indicates a realization that major differences threaten the close relationship between Britain and the United States. Not alone the misunderstanding over the proposed Southeast Asia defense alliance but friction in a half-dozen critical areas has impaired the working partnership considered essential to the policy of Western containment of Communist power.

British unhappiness over certain aspects of American policy has been widely advertised. Widespread in the Labor party and even among many conservatives is a suspicion that America wanted to use the Southeast Asia alliance as a respectable cover for initiating a war against Communist China. Secretary of State Dulles' thesis of instant and massive retaliation has caused many Britons to feel that their tight little island, used as an American base for atomic bombing of Russia, will be obliterated by Russian retaliation.

Less generally known is the acute unhappiness in Washington over many aspects of British policy. The time has come, it is felt here, to try to evolve in the discussion with Churchill and Eden a more nearly united approach to those trouble spots where the non-Communist world is either losing or is about to lose the initiative, with the immediate prospect that millions of people and vast resources will be added to the asset side of the Communist ledger. The British believe that EDC is dead. Although in Washington it is still considered a probability, other ways to bring Germany and German divisions into the Western community will be canvassed. Any alternative has, however, a pretty dismal look.

Confronting the British prime minister and his foreign secretary, President Eisenhower and his secretary of state intend to talk frankly about certain situations where in the American view British temporizing can hardly be tolerated longer. Further delay will almost certainly cause the kind of explosive reaction which in the Middle and Far East, and Africa, can mean the irretrievable loss of peoples and resources.

High on the American list is Egypt. For more than a year, at the insistence of the British, the United States has withheld economic aid from the Nasser-Nasser regime as London and Cairo have disputed the status of British technicians to be retained in the Suez canal zone after British troops were evacuated. This is no longer a distant threat but an imminent reality which can be ignored at the ADA's expense.

## Missouri Power Delivery Points Are Discussed

WASHINGTON (AP)—A Nebraska Public Power System official discussed possible delivery points for government power with Assistant Secretary of the Interior Aandalh Thursday.

Dewey DeBoer, executive director of the Nebraska system, conferred with Aandalh concerning the delivery point of the final block of 30,000 kilowatts of Missouri River power assigned to the Nebraska system in 1956.

The system now is getting 40,000 kilowatts, delivered at O'Neill. Next year the government has agreed to furnish another 30,000 kilowatts. Senate-House conferees are now debating whether to leave in the Interior Appropriations bill \$450,000 voted by the Senate for a transmission line from Gavins Point to Belden to deliver the second block of power.

DeBoer's group wants the government to build a 230-kilovolt line from Fort Randall to Grand Island to deliver the power.

He said his system hopes to be able to justify government construction of the line because the system will have a large pump irrigation load in the Platte River Valley west of Grand Island. The line could be used to deliver seasonal secondary power there, DeBoer said.

Another approach, he said, would be for the government to build a 115-kilovolt line from Fort Randall dam to Neligh, Neb., nearest point of delivery on the Nebraska system.

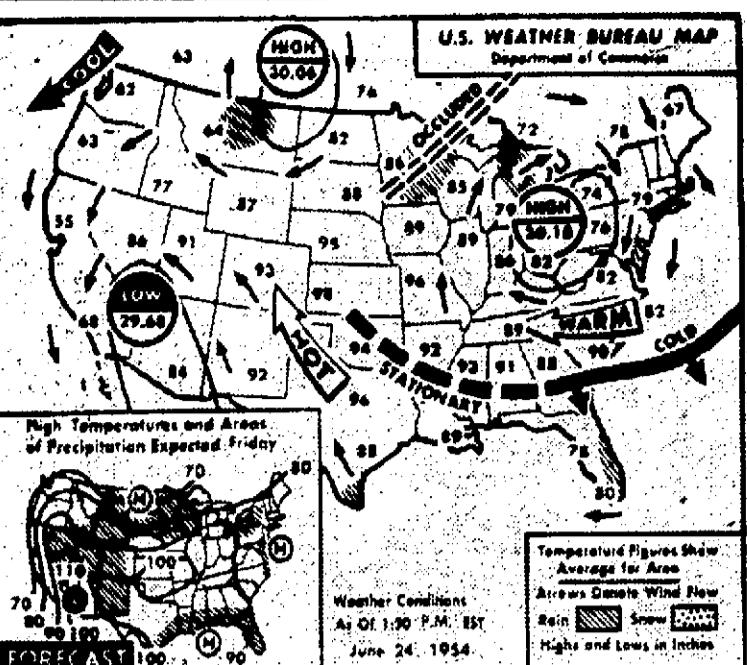

DeBoer said his talks Thursday were merely preliminary and that any early decision is unlikely.

### Helen Hitte Dies; Former Teacher

Lincoln Star Special

BROWNSVILLE, Neb.—Funeral services were held here for Miss Helen M. Hitte, 73, a Peru State Teachers College alumna and a retired teacher. She was the adopted daughter of Nebraska's first woman lawyer, Mrs. Alice Minnick.

Prior to her retirement in 1943, Miss Hitte taught 41 years in Omaha. She was a pianist and composer of songs many of which are still used in Kindergartens.

### Fremont Pleads Innocent To Mail Stealing Charge

OMAHA (AP)—Virgil Jr. of Fremont Thursday pleaded innocent to nine counts of a federal indictment charging him with stealing from the U.S. mail.

Piercy was arraigned before Federal District Judge James Donohoe. His \$500 bond was continued pending trial, probably in October.

The U.S. District Attorney's office said Piercy worked in the Union Pacific depot at Fremont as an employee of the railroad. He was alleged to have taken parcel post packages, either by removing them from the mail, or by putting on new labels addressed to himself or someone he knew.

The charge carries a penalty of up to \$2,000 fine or five years in prison or both on each count.

### Sheriff Hanson Plans To Retire

HOLDREGE, Neb.—Philip County Sheriff G. Royal Hanson plans to retire soon after serving in that post for 32 years. He believed the longest continuous service record of any sheriff in the state.

### Merger To Be Talked At Beatrice Meeting

DUBUQUE, Ia. (AP)—A discussion of the proposed merger of the four large synods of the Lutheran Church was conducted at Thursday's session of the convention of the Iowa district of the American Lutheran Church at Wartburg Seminary here.

The merger is expected to be the major issue at the national convention to be held at Beatrice, Neb., in October.

# Bennet Church Roll Mounts As Buildings Decrease

## Dismantling Attributed To Merger

By JOHN SWANSON  
Star Staff Writer

BENNET, Neb.—The number of church buildings in Bennet is continuing downward.

The sound of the wreckers' hammers and falling lumber is signaling the end of an old frame structure which housed the Bennet Methodist Church services for many years. In its removal it follows by a short period the tearing down of the old Presbyterian Church building.

The cause for the dismantling is the merging of three congregations in Bennet—the Methodist, Christian and Presbyterians—which was voted in the early '30s. For some time the new Bennet Community Church members used one or another of the three church buildings, settling recently on use of the Christian Church.

### Sold for Salvage

The Methodist Church was sold for salvage and is being torn down by a private group. The small church was built about 1911.

Since the merger, the Methodist Church was used for various meetings. The pastor of the Community Church is the Rev. Ervil L. Gustafson who reported that membership in the church shows steady increase.

The members have set up a special fund to purchase an organ for the church.

## Progress Of Ag Resources Praised By State Governor

NORTH PLATTE, Neb. (AP)—Gov. Robert Crosby said Thursday he is "extremely proud" to be governor of a state which has "shown so much progress by way of improving and developing our vast agricultural resources."

The comment was made at a celebration in observance of the 50th anniversary of the University of Nebraska Experiment Station at North Platte.

"In Nebraska's early days many settlers became discouraged because they could not adapt themselves to the dry high climate of western Nebraska," the governor said. Consequently, many of them returned to the more humid areas of eastern Nebraska.

Today, however, because of research and improvement of farming practices, agriculture in western Nebraska is reasonably secure."

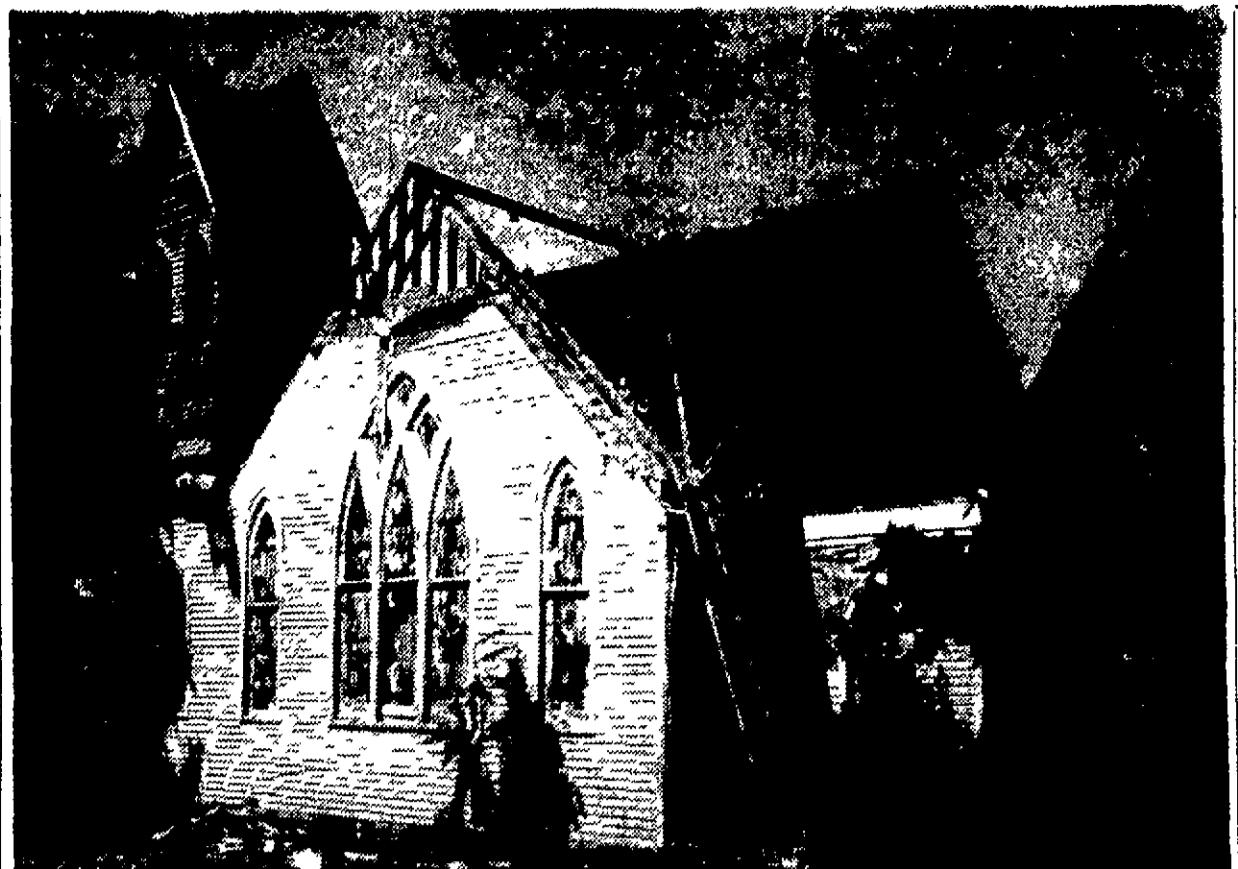

Contributing to the success of western Nebraska's agriculture, he said, have been good cropping practices, the adaption of crop varieties, irrigation development, improvement in livestock breeding and management, and many other scientific agricultural programs.

### Services Held For Mrs. Daniel Sanley

Lincoln Star Special

DAVID CITY, Neb.—Graveside services were held at the Rising City Cemetery for Mrs. Daniel Sanley, 82, longtime Butler County resident who died in a David City hospital.

Born in New Hampshire, she came to Butler County with her parents at an early age. She was a member of the PEO, DAR and the WCTU. Surviving are two cousins and two sisters-in-law.

A memorial service will be held at St. Luke's Methodist Church Sunday afternoon.

### Skipton Aiding In U.S. 6 Promotion

LAWSON, Colo.—V. E. Skipton, Hastings, executive secretary for Highway 6 in Nebraska, was named representative to promote the highway in Colorado at a meeting of the Colorado Highway 6 Association here.

If every town would promote something of interest to travelers and keep tourists in the state one more day, Skipton said, the state would get an additional income of \$38 million.

One of Skipton's ideas being used in Hastings is to give visitors who have committed a minor traffic violation a ticket suggesting they visit designated points of interest and a free swim ticket with the compliments of the city.

### Sen. Bowring, In First Senate Talk, Favors Ike's Farm Plan

WASHINGTON (AP)—Sen. Eve Bowring (R-Neb.) in her first Senate speech came out strongly Thursday in support of President Eisenhower's farm program calling for flexible farm price supports.

Mrs. Bowring said she believes the President and Secretary of Agriculture Benson have "correctly analyzed" the nation's agricultural problems.

She said she believes the President's program will "bring more prosperity to American farmers and will best serve the future of the nation and its agriculture."

**Tremendous Responsibility**

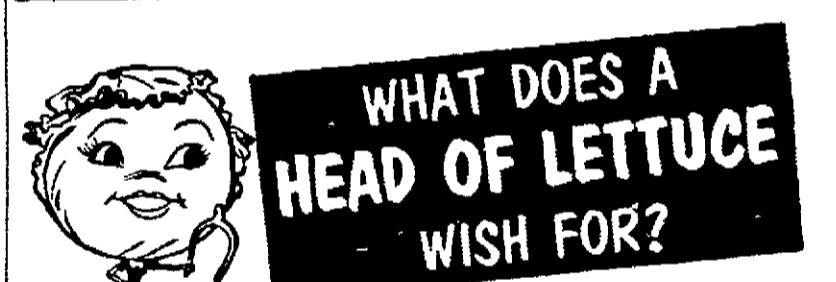

Mrs. Bowring suggested that a political officeholder often should make decisions based on "what is best for the people" rather than "what he hopes will be popular with the people."

"Upon the shoulders of this Congress, and each member individually," she said, "rests a tremendous responsibility to give to the nation and to our farming

### Kyle Takes Over Post As Chadron's Manager

CHADRON, Neb. (AP)—Frank K. Kyle Thursday took over Chadron's city managership.

Kyle had been city administrative research assistant at Kansas City, Mo.

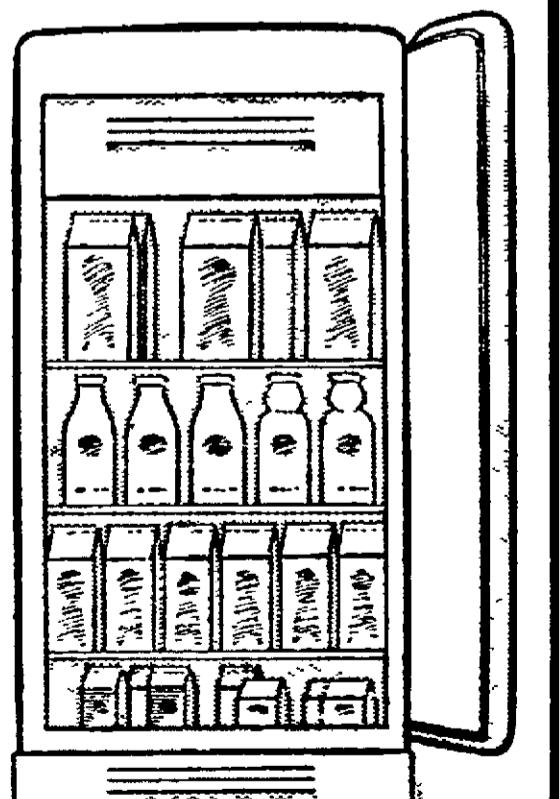

### We sample milk that's 7 days old!

Every day, from the thousands of quarts of country-fresh milk packaged by Roberts Dairy, samples are set aside to "age" in the cooler for one week.

And every day, samples from the previous week are removed from the cooler and taste-tested for quality. Not once has the flavor been found impaired!

In your own home, you'll seldom have occasion to keep milk for more than a few days. But, by testing week-old products, Roberts makes sure that you get a safety factor far in excess of your requirements.

To our knowledge, no other mid-west dairy goes to the effort or expense of testing the keeping quality of its products. That's one reason no other milk tastes quite so good as Roberts!

**BEST PROTECTED**  
For Flavor and Quality!

### Church Group Plans Summer Meet At Doane

Lincoln Star Special

CRETE, Neb.—A Midwest summer conference of the Women's Guild of the Evangelical and Reformed Church will be held on the Doane College campus here July 13 to 16.

Following the theme, "Our Christian Beliefs," the conference will include classroom study, fellowship and personal meditation.

Mrs. E. E. McClintock, Denver, former secretary for women's work of the Congregational Christian Churches, will be a speaker.

The Rev. F. C. Allrich, pastor of the Evangelical Church at Highland, Ill., will conduct morning devotionals.

Ruth T. Landis, Cleveland, O., will be in charge of recreation periods.

Among speakers at the assembly:

Rev. Dr. John Tamm, Philadelphia, Pa., director of youth work for the Evangelical and Reformed Church.

Dr. David S. Noss, Tiffin, O., professor of Heidelberg College.

Mrs. M. H. Kocher, LaCrosse, Wis., first vice president of the Women's Guild.

Mrs. C. H. Kocher, Sheboygan, Wis., missionary education chairman for the guild.

**Lien Pleads Guilty To Federal Charge**

OMAHA (AP)—Carl Lien, Grand Island, Thursday pleaded guilty to charge which federal attorneys said grew out of his accepting football bets without paying the federal gambling tax.

Judge James A. Donohoe deferred sentencing Lien and the Grand Island man was freed under \$1,000.

She is free on \$5,000 bond.

#### Exeter To Mark Town's Founding

Lincoln Star Special

EXETER, Neb.—In observance of the 75th anniversary of the founding of Exeter, a two-day picnic is planned for July 30 and 31. The village was incorporated on April 1, 1879.

To remind others of the occasion, men in Exeter are wearing straw hats with ribbon bands bearing the inscription, Diamond Jubilee Days, July 30-31.

There will be parades, floats, entertainment and programs on both days, including featured events of pioneer days. Window displays will be in keeping with the historical event.

**Mrs. Gerhardt's Arraignment Reset**

OMAHA (AP)—Arraignment of Mrs. Mary Alice Gerhardt of North Platte on an embezzlement charge is now set for June 30.

The arraignment had been tentatively set for Thursday.

The U.S. District Attorney's office said Mrs. Gerhardt would now appear before Federal District Judge John Delehaney rather than Judge James Donohoe who was on the bench Thursday.

Mrs. Gerhardt, former bookkeeper at the First National Bank in North Platte, is charged specifically with misappropriating and abstracting funds from the bank.

She is free on \$5,000 bond.

# Neville To Run For U.S. Senate On Demo Slate

Former Governor Keith Neville, North Platte, Thursday announced acceptance of petitions placing him in the Democratic race for the nomination for the U. S. Senate.

His acceptance reached the secretary of state's office by special delivery letter two days before the grace period of five days elapsed. The petitions circulated by friends and containing 116 names were filed Monday. Six counties contributed signatures and 32 persons who described themselves as "rank and file" Democrats attached their names to the petition as sponsors.

Neville, 70, becomes the second candidate for the Democratic nomination. Joseph V. Benesch, Omaha, had earlier filed for the post.

**Extensive Campaign**

In a formal statement accompanying his acceptance, Neville said in the limited time before the primary he would not be able to make an extensive campaign and performance would rely on the efforts of his friends.

**Domestic welfare**—He asserted that the country cannot be prosperous unless all classes and groups are prosperous, agriculture, labor and industry.

**Agriculture**—"We went through the wringer once . . . We cannot afford to let it happen again . . . So long as other phases of our national economy remain at practically post-war levels, the grain and hog farmers and our cattle raisers must have some form of price supports if they are to survive . . . The administration in Washington is strictly big business and big industry."

**Labor**—"Collective bargaining must be maintained and I favor amendment of the Taft-Hartley law."

**Public Power Districts**—"I am definitely opposed to turning rural electrification and publicly owned hydroelectric projects

over to the privately owned power interests."

**Isolationism**—"I am not an isolationist. But I think it is time . . . to stop appropriating billions in an effort to 'tail up' every tick nation in the world."

**National security**—"The most important agencies in our government are the Army and Navy Intelligence and the Central Intelligence Agency. I will support these agencies in every way possible."

**Wars of containment**—"I am not a pacifist, nor am I for peace at any price, but I am definitely against wars of containment—wars that we do not make an all-out effort to win—wars that scatter our manpower . . . in remote parts of the world, that cost hundreds of thousands of casualties and for which there is no honorable termination."

Neville was governor of Nebraska from 1917 to 1919, piloting the state through World War I.

## William Brothwell Dies; Ex-Lincolnite

Services were held in Melbourne, Australia, for William Brothwell, 76, formerly of Lincoln, who died in Melbourne.

A blacksmith, he had lived in Lincoln and Eagle for many years, later going to Wahoo.

He had been visiting a son, W. T. Brothwell, in Melbourne the past 8 months except for five months he spent with his son, a sister and brother in England.

Born in England, he came to the United States as a young man.

Surviving are his son; a daughter, Mrs. S. R. Sorenson of Lexington, Mo.; three brothers and a sister.

**Roses—Wholesale**

HARTFORD, Conn. (AP)—The latest census shows that the famous Rose Gardens in Hartford's Elizabeth Park have 14,000 rose plants representing 820 varieties.

# West Discloses Rejected Disarmament Proposal

...Time-Table Scrapping Turned Down

LONDON (UPI)—The Western powers disclosed Thursday their most sweeping disarmament proposal yet, calling for complete scrapping of atomic and hydrogen weapons on a strictly enforced time-table. But the Kremlin has already curtly rejected it.

The Russian-vetoed plan, tying in nuclear disarmament with big scale cuts in conventional weapons such as tanks and planes, was made public following a London conference of the United Nations subcommittee on disarmament which ended in a deadlock Tuesday after 20 meetings. Participating were the United States, Britain, France, Canada, all supporting the plan, and Russia.

The Western powers rejected a Soviet proposal that insisted first on immediate and unconditional prohibition of the use of atomic energy for military purposes.

Morehead Patterson, U. S. envoy to the conference, told newsmen the United States favored joining the Soviet Union in eliminating atomic and hydrogen bombs, which "could result in the annihilation of both sides."

**Toothless**

But he attacked the latest Russian plan as toothless and simply a rehash of previously rejected proposals which, if accepted, "would leave the free world vulnerable to a Pearl Harbor that might engulf it."

Patterson declared the Russian proposals—unlike the Western plan—failed to insure adequate controls behind the Iron Curtain and could be summed up in six words—"ban the bomb, trust the Russians."

Britain and France originated the Western plan.

The most detailed to be presented in nine years of East-West negotiations, it would call for gradual progress toward disarmament, with rigid international control at every stage. These are consecutive steps which Western experts said

might take two years to complete:

1. An immediate ban on the use of nuclear and other weapons except in defense against aggression.

2. Freezing of military manpower totals and all armaments spending at 1953 levels.

3. International agreement on how much to reduce conventional armaments and forces, with an immediate cut of 50 per cent in agreed amounts. Then, following this, "the manufacture of all kinds of nuclear weapons and all other prohibited weapons shall cease."

4. Then the second half of the agreed reductions of conventional armaments and armed forces shall take place. And on completion, the total prohibition and elimination of nuclear weapons and the conversion of existing stocks of nuclear materials for peaceful purposes shall be carried out."

Russian approval of the Western plan would have put it up for ratification before a World Disarmament Conference.

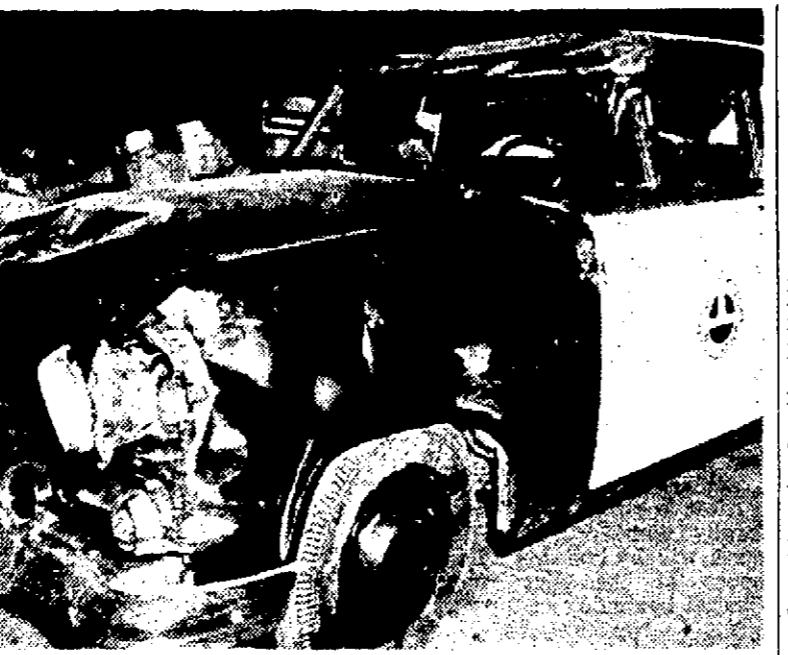

Western delegates said Soviet envoy Jacob A. Malik turned the Western plan down cold and refused even to discuss it in detail." Malik was said to have insisted on immediate and unconditional prohibition of nuclear bombs as the first step in any disarmament program.

Acceptance of the Soviet demand, American delegates said, would have stripped the West of its principal weapons—hydrogen and atomic bombs—and "put the world at the mercy of the overwhelmingly large Communist land armies."

Patterson declared the Russian proposals—unlike the Western plan—failed to insure adequate controls behind the Iron Curtain and could be summed up in six words—"ban the bomb, trust the Russians."

Britain and France originated the Western plan.

The most detailed to be presented in nine years of East-West negotiations, it would call for gradual progress toward disarmament, with rigid international control at every stage. These are consecutive steps which Western experts said

The Driver Walked Away

This State Safety Patrol car was all but demolished when overturned by Trooper Ray Syslo while chasing a speeder at the Highway 6 turn into Ashland. Syslo walked away from the accident and returned to duty. The Patrol is still looking for the speeder that got away. The patrolman's cruiser had only 541 miles on it. (Star Staff Photo)

## Lincoln County School District 49 Files Appeal Brief

School District No. 49 in Lincoln County Thursday filed with the State Supreme Court a brief in support of its appeal from the ruling of District Judge John H. Kuns of North Platte in a school redistricting case.

The district brought the original suit last Aug. 20 against the Lincoln County Reorganization Committee and various other school and county officials involved, including the reorganized School District No. 65R and the School District No. 65 of Wallace, Neb.

District 49 contend it should not have been made a part of the reorganized District No. 65R but Judge Kuns ruled against the complaining district.

In its brief, District 49 contends the court erred in not finding the school district reorganization law to be unconstitutional.

The brief also contends the court erred in not finding that the Lincoln County Reorganization Committee acted arbitrarily, permitted gerrymandering, and refused to follow the recommendations of the state school redistricting committee.

The "welfare and best interests of the pupils of School District No. 49 were disregarded by the initiators of this consolidation of these districts," the brief states.

**TODAY'S CALENDAR**

# Solon Asks Action On Capital 'Hoodlums' After Gang Attack

WASHINGTON (AP) — Washington's police department came under congressional fire Thursday after one House member reported being attacked by a gang of "young hoodlums" within sight of the Capitol and another member said gangs "are running wild in Washington."

Neither he nor the other man,

Rep. Thomas B. Curtis (R-Mo.) told the House he was set upon Wednesday night when he went to the aid of another pedestrian at whom a gang of 10 or 12 teen age Negro boys was throwing rocks.

Curtis said his first report to police brought the response that "this sort of thing happens all the time, and there is nothing police can do about it."

Rep. Auchincloss (R-N.J.), member of a House District of Columbia Subcommittee that handles police matters, immediately called Police Chief Robert V. Murray and demanded a formal report to Congress on the incident.

Rep. Bailey (D-W.Va.) recalled that when the district

budget was before the House he suggested more policemen should be put on patrol.

Asserting that such gangs as Curtis complained of, "are running wild in Washington," Bailey said: "You put a good policeman on a beat and charge him with the responsibility of taking care of that beat and you will break up a lot of these gangs."

In relating the incident to the House, Curtis held up a rock the size of a baseball and said it was not the largest of those thrown at him and Mitchell.

Curtis said the attack occurred

near Union Station while he was on his way home from the congressional baseball game at Griffith Stadium. He said Mitchell was told by a hotel clerk that the neighborhood had been "plagued by hoodlums for several months."

Curtis said he was informed that three days ago two congressional secretaries were attacked by a mob of purse snatchers in the same vicinity.

"It is time something is done to stop this," Curtis told the House. "I have never seen anything like this in any American city."

Curtis said the attack occurred

## Chicago Papers Differ Greatly In McCarthy Polls

CHICAGO (AP) — Three Chicago newspapers recorded a wide variance of opinion in polls to determine whom the public has picked as winner in the recent Army-McCarthy hearings.

The ratio of those polled who believe McCarthy proved his charges against the Army ranged from 91.2 per cent in the Tribune to 57 per cent in The Daily News and down to 33.2 per cent in the Sun-Times.

The tabulation in the Tribune's poll ended Wednesday night. The others have not yet reached the final-figure stage.

The Daily News poll also showed that 56.5 per cent of those participating like McCarthy more as a result of the hearings. The Sun-Times poll shows the senator gaining both in popularity and unpopularity as a result of the hearings as previously undecided persons jump off the fence and take a stand.

The Daily News poll also showed that 56.5 per cent of those participating like McCarthy more as a result of the hearings. The Sun-Times poll shows the senator gaining both in popularity and unpopularity as a result of the hearings as previously undecided persons jump off the fence and take a stand.

## RINSO OFFERS YOU FINANCIAL INDEPENDENCE!

# WIN YOUR WEIGHT IN GOLD

HOWEVER MUCH  
YOU WEIGH!

(Also 301 Other Cash Prizes!)

Check the chart and see what you are worth in gold. You can win this sum in cold cash — simply by telling us which of the 2 new Rinsos you prefer — Rinso White or Rinso Blue. If you weigh 140 lbs., you'd win \$71,456! Mail your entry today!

### RULES FOR THE RINSO "WIN-YOUR-WEIGHT-IN-GOLD" CONTEST

1. In 25 additional words or less, complete this statement:

"I prefer:  RINSO Soap because..."

or

"I prefer:  RINSO Blue Detergent because..."

(check one)

Write your name and address in the form on right and attach your actual entry on plain paper. Print or write clearly.

2. Send as many entries as you wish to "RINSO".

CONTEST," P.O. Box 530, New York 46, N.Y. section of a Lever physician—in normal attire with each entry enclose 2 box-tops from any door summer dress, without accessories. Prize size of either Rinso Soap or Rinso Blue.

Contest is limited to women in Continental United States, Alaska and Hawaii. No age limit.

Prizes will be awarded on the basis of simplicity, originality and aptness. Entries must be original work of contestants submitted in their own names.

Entries must be postmarked not later than August 7, 1954.

Detailed official rules available at most grocers—but all pertinent information is given here.

Yes, some women like soap—some prefer detergent. That's why we make both these great new Rinsos—famous Rinso Soap and Rinso Blue, our new complete detergent. Try both. Then write and tell us, in just a few words, which Rinso you prefer—and why.

There's never been such a contest! The makers of Rinso, who believe that every housewife is worth her weight in gold, now offer you the most lavish prize on earth. We want you to win—however much you weigh.

It's so easy to win—to become financially independent! Simply complete this statement in 25 words or less:

"I prefer  RINSO Soap because....." or

"I prefer  RINSO Blue Detergent because....." (check one)

### Hints on how to win—it's easy!

Nothing to it! After trying both new Rinsos, just jot down the points you like best about the one you prefer. Then put your thoughts together—something like this, for example:

"I prefer Rinso Soap because it gets my clothes really clean—whites come really white, colors brighter than new! It's thrifty, saves me money, too."

"I prefer Rinso Blue Detergent because it bleaches my wash as it gets it fresh and clean. In my dishpan, too, it's wonderful—makes claim, glass and silver really sparkle."

Remember—both Rinsos, Rinso Soap and Rinso Blue, are unconditionally guaranteed by Lever Brothers Company, or we'll return your money!

IT'S WORTH YOUR WEIGHT IN GOLD TO TELL US WHICH RINSO YOU PREFER—AND WHY!

### HERE'S YOUR ENTRY FORM—MAIL IT TODAY!

Rinso Contest, Post Office Box 530, New York 46, N.Y.

I enclose 2 Rinso box-tops and attach my entry on sheet of plain paper.

The Amazing  
**TRIPLE GUARANTEE!**

### 1. FOR CAKES

If you don't say your Cake made with Mrs. Tucker's CREAMIER shortening is HIGHER, RICHER, MORE MOIST and TENDER than the same cake made with ANY other shortening, send the recipe to Mrs. Tucker, telling what you don't like about the cake, and she will mail you a check for ALL the ingredients used PLUS \$1.00 for your time!

### 2. FOR PIES

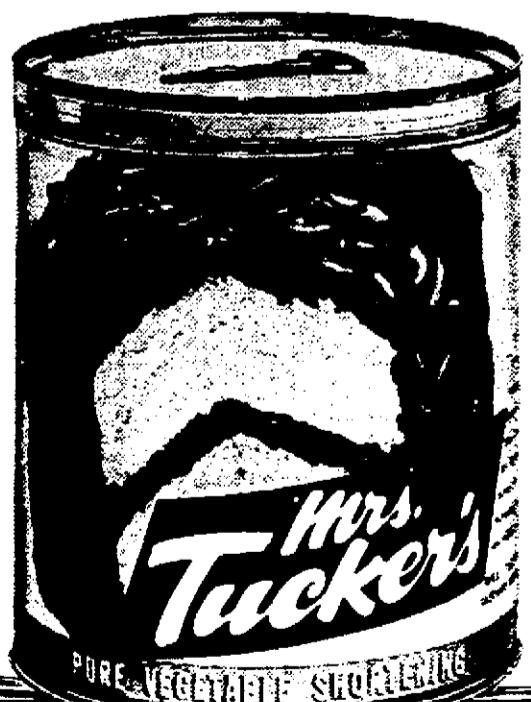

If you don't say your Pie Crust made with ALL-Vegetable, ALL-Digestible Mrs. Tucker's is LIGHTER, FLAKIER and BETTER than the same Pastry made with ANY other shortening, send the recipe to Mrs. Tucker, telling what you don't like about the results, and she will pay for ALL the ingredients PLUS \$1.00 for your time!

### 3. FOR FRYING

If you don't say Mrs. Tucker's FRIES your Chicken (or any other food) BROWNER, CRISPENTER, TASTIER and MORE DIGESTIBLE than ANY other shortening, write Mrs. Tucker what you fried, telling why you don't like the results, and she will pay you for the chicken or other food PLUS \$1.00 for your time!

### Free Recipes

On the back of Mrs. Tucker's can labels are color photographs of Cakes, Pies, and Fried Foods developed by Mrs. Tucker's Homemakers Department. Inside the labels are the recipes for these GUARANTEED foods.

**NO OTHER SHORTENING OFFERS YOU  
EVEN ONE SUCH GUARANTEE!**

## We Hear That

Mr. and Mrs. E. Keith Skalla are the parents of a son, John Mark, born on Thursday, June 24, at Lincoln General Hospital. Mrs. Skalla is the former Beverly Blackwell and a member of Pi Beta Phi at the University of Nebraska. Also a graduate of the University of Nebraska, Mr. Skalla is a member of Delta Tau Delta.

The baby's grandparents are Mr. and Mrs. H. W. Blackwell of Council Bluffs, Ia., and Mr. and Mrs. E. J. Skalla of Beatrice.

Attending the international convention of Epsilon Sigma Alpha business women's sorority last week end at Columbus, O., were Mrs. William Dunn of Ogallala, state president of the organization, and Mrs. Irene Rischling of Lincoln, an international director for the sorority.

Miss Rischling will return home by plane this week after a visit at Kansas City, Mo. Accompanied by Mr. Dunn and their children, the state president and her family will visit at Ann Arbor, Mich., before returning to Nebraska. They will be the guests of Mrs. Dunn's brother and sister-in-law, Mr. and Mrs. Gail Rector, and family, formerly of North Platte.

The Rectors will leave Ann Arbor in the very near future to make their home at Boston where Mr. Rector will serve as manager of the Boston Symphony Orchestra.

Mrs. P. A. Siren and family will leave Lincoln on Wednesday, June 24 for Bismarck, N.D., where they will join Mr. Siren who left on Monday to assume his new duties as State Administrative Officer for the Soil Conservation Service.

## Board Installed

Mrs. E. A. Baker conducted the installation of new officers Tuesday afternoon at a Women's Wesleyan Educational

## Ladies Day Golf

At the Ladies Day golf at Hillcrest Country Club on Thursday, Mrs. Carl Fisher was the class A winner for low net plays. Other low scores were turned in by Mrs. C. H. Hughes, class B; Mrs. D. E. Dale, class C; and Mrs. E. H. Schumacher, class D.

The meeting was opened by Mrs. Conley Hinricks who led the devotional service assisted by Miss Thelma Stith.

## Bride Has Chapel Ceremony

MRS. OWEN GEORGE ROBBINS

At a 4 o'clock ceremony, solemnized Thursday afternoon, June 24, at the Westminster Presbyterian Chapel, Miss Grace Eileen Edling, daughter of Mr. and Mrs. August W. Edling, became the bride of Owen George Robbins of the Naval Air Station, Patuxent River, Md., son of Mr. and Mrs. George B. Robbins of Jackson, Mich. Lighted candles in branched candelabra, and fan shaped arrangements of white gladioli formed the background for the service, the lines of which were read by Dr. Asa J. Ferry. Miss Josephine Waddell played the wedding music.

Mrs. Gaylord E. Edling of Waterloo, Ia., the matron of

honor and bride's only attendant, chose a ballerina length frock of French blue Chantilly lace. The decolletage of the fitted bodice was contoured with scallops and the accordion pleated lace skirt was accented with a nylon tulle flounce. She wore a tiara of light pink Marguerite daisies, and she carried a crescent bouquet of the pale pink blossoms.

The bride appeared in a gown of white shadow lace and tulle over satin. The molded bodice featured a low rounded neckline appliqued with lace medallions beneath which was the voluminous skirt of tulle and lace that ended in a cathedral train. A tiered veil of imported tulle was held by a cloche soms.

Mrs. Gaylord E. Edling of Waterloo, Ia., the matron of

## A Week Of Interest

THERE'S something to be said for a pleasant week-end that brings to a close one interesting week—and begins another. We can't truthfully say that the current Friday-to-Monday period has more than its share of activity, but we can say that its events are neither to be ignored nor discounted.

First of all we want to say "Happy wedding anniversary" to Mr. and Mrs. E. Shelden Hallett—it's their 25th!

AS we said a moment ago—a very interesting week—filled with news of guests, homecomers, travelers—and brides, is ending. One of the high spots as far as we are concerned, was a private showing of "Her Twelve Men," the movie adapted

from Louise Baker Wilson's best seller, "Snips and Snails." It's in color, and although the cinema version does not follow the book to the letter, it is an extremely entertaining movie.

BUT the week-end—counting today—has its attractions—including guests—Talked briefly with the Wilbur Chenoweths of Brentwood, Los Angeles, Calif., who with the twins Joan and David, are in Lincoln for a very short stay. Mr. and Mrs. Chenoweth and their son and daughter arrived Wednesday evening, plan to pick up a new car and be on their way either today or tomorrow for Colorado where they will do some loitering before returning to the west coast.

HEARD that Miss Virginia Faulkner will be arriving from Pacific Grove, Calif., a week from Sunday to spend a few weeks as the guest of her brother and sister-in-law, Mr. and Mrs. E. J. Faulkner.

Miss Faulkner, incidentally, has timed her visit just right. The new officers include Mrs. Carl Dietrich, president; Mrs. Myron White, vice president; Mrs. R. J. Meyer, recording secretary; Mrs. F. L. Hitchcock, treasurer; and Mrs. Arnold Hart, corresponding secretary.

Guests at the supper, which was followed by games and dancing, were Mr. and Mrs. Odell Hansen and Mr. and Mrs. Robert Wilson.

Following the ceremony, a reception was held in the church parlors, after which the couple left for a wedding trip.

For traveling the bride chose a powder blue linen frock and bolero jacket with Panama-toned accessories.

After July 1, Mr. and Mrs. Robbins will reside in Patuxent River, Md., where Mr. Robbins is stationed.

Mrs. Robbins is a graduate of the University of Nebraska where she is a member of Towne Club. Mr. Robbins was graduated from the University of Michigan where he is a member of Triangle fraternity.

## LWC Board

The regular meeting of the Lincoln Women's Club board of trustees will be held on Thursday, July 1, at the YWCA. Mrs. E. W. Rowe, chairman of the board, will preside at the 10 o'clock morning meeting.

Mrs. Conlin, who will be remembered as the former Mary Louise Simpson and a Pi Beta Phi at the University of Nebraska, has been the incen-

—She will be on hand for the annual celebration, on July 5, of the birthday anniversaries of Mr. Faulkner and George Abel Jr.

ALSO ON the guest list are Mrs. Allen O'Connor and her two daughters, Ann and Julie, who arrived from Detroit, Mich., on Tuesday for a visit with Mrs. O'Connor's parents, Mr. and Mrs. John M. Miles. Understand that Mr. O'Connor will join his family here later.

AND that reminds us that on Monday Mrs. O'Connor will share honors with Mrs. Marshall Dow (Betty Jerner) of Danielson, Conn., when Mrs. James Nicola and Mrs. John Mason are luncheon hostesses at the University Club.

SOMEONE told us, too, that Mr. and Mrs. Guy Negus, who have been the guests of Mrs. Negus' brother and sister-in-law, Mr. and Mrs. Arthur Raymond, and her sister, Mrs. Ruth Raymond Gavin, for the past few weeks, leave today to return to their home.

HEARD that Miss Virginia Faulkner will be arriving from Pacific Grove, Calif., a week from Sunday to spend a few weeks as the guest of her brother and sister-in-law, Mr. and Mrs. E. J. Faulkner.

Miss Faulkner, incidentally, has timed her visit just right.

The new officers include Mrs. Carl Dietrich, president;

Mrs. Myron White, vice president;

Mrs. R. J. Meyer, recording secretary;

Mrs. F. L. Hitchcock, treasurer;

and Mrs. Arnold Hart, corresponding secretary.

Guests at the supper, which was followed by games and dancing, were Mr. and Mrs. Odell Hansen and Mr. and Mrs. Robert Wilson.

Following the ceremony, a reception was held in the church parlors, after which the couple left for a wedding trip.

For traveling the bride chose a powder blue linen frock and bolero jacket with Panama-toned accessories.

# Mundt Asks Why 2 Of Joe's Probers Uncleared

## Pentagon Quizzed

WASHINGTON (INS)—Sen. Karl E. Mundt (R-S.D.) said Thursday he has asked the Defense Department to explain why it has not given security clearance to two McCarthy subcommittee investigators.

The South Dakota Republican said he told the Pentagon that his special subcommittee investigating the Army-McCarthy dispute wants to know:

1. Whether the designation of "no clearance" beside the name of each of the two employees "indicates clearance has been denied" or simply means that checks on them "are in progress."
2. If clearance has been denied, what is the reason?

Mundt refused to name the two employees or to comment on published reports that one of them was assigned by Sen. Joseph R. McCarthy to make a preliminary investigation of the super-secret Central Intelligence Agency.

### Surine Identified

These reports identified the individual as Donald A. Surine, a member of McCarthy's investigative staff for several years.

The list of employees granted or not granted security clearance was transmitted to the subcommittee at the request of Sen. Stuart Symington (D-Mo.), during the Army-McCarthy hearings.

Symington made an unsuccessful attempt to have Surine called as a witness before the hearings ended, to testify on a "cropped" photograph of Army Secretary Robert T. Stevens and Pvt. G. David Schine.

In 1951 Surine was questioned by Senate Rules Committee about his activities in the 1950 Maryland senatorial campaign. Part of the probe centered around a composite photograph of Communist Party leader Earl Browder and former Sen. Millard F. Tydings, who had investigated McCarthy's charges of Communist infiltration of the State Department.

Surine was "dropped" from the FBI in 1950 and shortly thereafter joined McCarthy's staff as an investigator.

"Misstatements"

The subcommittee said in its 1951 report that when he appeared before it Surine made "apparently wilful and knowing misstatements of fact" about his separation from the FBI.

The McCarthy investigator told the rules group that he had "voluntarily" resigned from the FBI, but director J. Edgar Hoover informed the senators that Surine

### Soroptimist Club Installs Officers

The annual installation dinner of the Soroptimist Club of Lincoln was held Wednesday evening at the Hotel Cornhusker when members of the Omaha Club presided at the installation of the new officers.

Seated, from the left, are Mrs. C. M. Stewart, president; Mrs. Forest Wilson, vice president and program chairman; Mrs. Eula M. Terhune, record-

ing secretary; and Mrs. Julian S. Lyons, treasurer.

In the second row, left to right, are Mrs. E. W. Johnson, director; Mrs. Berniece Cheatham of Omaha; Mrs. Ernest L. Rueter, corresponding secretary; Miss Louise Patrick and Miss Beulah Wingerd, both of Omaha.

Following the ceremony, for which Mrs. L. L. Coryell Jr.,

was mistress of ceremonies, the club elected Miss Anna M. Evans director to succeed Dr. Lillian Logan. In charge of dinner arrangements was Miss Clara Aronson. Mrs. E. W. Johnson and Miss Selma B. Anderson.

Serving as hostesses for the informal coffee at the close of the evening were Miss Ruth Howland, Mrs. Oliver T. Joy and Mrs. Mary Lou Kohler.

had been "dropped" from the rolls.

Sen. Henry M. Jackson (D-Wash) told newsmen that "the question of security clearance is a matter of pending business before the special subcommittee (headed by Mundt) in light of the communication received by the chairman prior to conclusion of the hearings."

He said: "The letter from the Defense Department confirmed the fact that two members of the staff have failed to obtain security clearance although requests were made for such clearance in March and April, 1953, respectively."

**Inmate Howell's Petition Denied**

Penitentiary Inmate William E. Howell lost another of numerous attempts to gain his freedom as Lancaster District Judge Harry Spencer denied the prisoner's latest petition.

The court denied the petition as failing to allege sufficient fact or facts to constitute a cause of action for issuance of a writ of habeas corpus.

Judge Spencer noted the subject matter was the same as embraced by four previous applications—one of which was appealed to the State Supreme Court.

Howell is serving a 10-year term from Thayer County as a habitual criminal after he pleaded guilty to breaking jail before trial.

Howell has claimed "misrepresentation" in the case, petitioning the Federal District Court at least 25 times for his freedom.

Sentenced in 1948, Howell's term could be completed Jan. 22, 1955, with consideration for "good time" allowances.

### Bank Robber Makes Victims Doff Clothing

FREMONT, N.C. (AP)—A lone bandit forced two women tellers at pistol point to take off their dresses and two men to shed their trousers while he robbed a bank here Thursday.

Officials of the Branch Banking and Trust Co. said he got \$19,807.

A bank spokesman said the unmasked bandit required Mrs. Sarah Wiggs and Miss Frances Sasser to doff their dresses and hand over the cash. Cashier Douglas R. Peacock said the gunman forced him and a customer to remove their trousers and lie upon the floor during the three-minute robbery.

The robber drove off in a southeasterly direction from this village of 1,400 which is 40 miles southeast of Raleigh.

The court denied the petition as failing to allege sufficient fact or facts to constitute a cause of action for issuance of a writ of habeas corpus.

Judge Spencer noted the subject matter was the same as embraced by four previous applications—one of which was appealed to the State Supreme Court.

### Bankers Life Buys Tract On East O

Bankers Life Insurance Company of Nebraska has purchased from the Starview Amusement Corporation a 40-acre tract on East O, between 60th and 63rd and O and R.

Purchase price was \$37,500, according to a deed filed with the Lancaster County Register of Deeds.

H. S. Wilson, president of Bankers Life, said the land was acquired "to add more flexibility to our proposed building site and as an investment."

The company has already purchased tracts adjoining the new purchase and bounded by O and North Cotter.

Plans to build on the site have previously been announced by the firm.

### HST Better After A Restless Night

KANSAS CITY (AP)—Harry S. Truman's condition was reported improved Thursday after the former President spent a restless night.

Dr. Wallace Graham said the word from Truman's special nurse at Research Hospital was that he was feeling better. He underwent an emergency operation for removal of the gallbladder and appendix last Sunday morning.

Earlier Thursday Dr. Graham reported his patient was feeling "a little rough" with a temperature of 100 and suffering from nausea, but he said Truman's general condition was satisfactory.

FEEL, LOOK, BE BETTER  
It's hot now—and there's plenty more to come! So do something about it now...today!  
See us—we'll quickly install a YORK ROOM AIR CONDITIONER

# Former Lincoln Stars Figure In 5-1 Indian Defeat By Athletics

CLEVELAND, OH — Rookie Arnold Portocarrero limited the league-leading Cleveland Indians to five hits Thursday in pitching the Philadelphia Athletics to a 5-1 victory. Lou Limmer and Joe Demaestri led the Philadelphia attack with home runs.

The Tribe got its only run in the third inning when Hal Naragon walked, advanced on a single by Dale Mitchell and scored as Al Smith grounded out.

Limmer connected in the third after Forrest Jacobs had bunted safely. Demaestri hit his in the fourth with none on base.

It was Limmer's fourth round trip of the season. Demaestri's third.

For Portocarrero, it was the fifth victory against six losses. For losing pitcher Art Houtteman it was the fourth loss against seven victories.

Demaestri singled in the third and scored the first Athletic run when Wilmert Shantz tripled. Shantz scored as Jacobs bunted safely and then Limmer drove in Jacobs with the corner.

(Portocarrero was the star pitcher for Frank Skaff's Lincoln A's in 1951. He then served two years in the Army and came back to play for the Philadelphia A's. Lou Limmer played first base for the Lincoln A's in 1948 and 1949, and Shantz was catcher for the Lincoln team in 1950-51.)

# Lincolnites Find Fishing Hole Lousy With Trout

By MARILYN K. SWANSON  
Star Staff Writer

Four Lincoln men who recently returned from a fishing trip to nearly inaccessible Cree Lake in northern Saskatchewan, Canada, found their luck almost too good to be true.

In one day, the party bagged one 26-pound lake trout, two 25-pounders, and one 19-pounder. Ervin Peterson caught the big one after an hour-long battle. Ray V. Lind and Tiney Chenoweth caught the 25-pound fish and Edwin H. Hammond, leader of the party, came up with the "little one."

Big fish got to be so common during the week the quartet fished the lake that on one day, Chenoweth and Hammond, who

had caught 18 and 14 pound Northern pike respectively, returned them uninjured to the lake.

"We kept only what we could eat or carry back with us,"

said Hammond, who has fished northern waters every year since 1930.

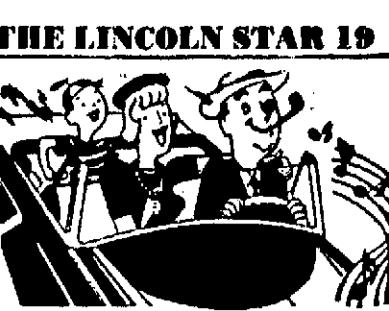

Cree Lake, covering about 600 square miles, is located 200 miles north of the end of the only

highway into the area. The party flew in by chartered plane, bringing out with them 400 pounds of fish. The party drove the 1,400 miles from Lincoln to the highway's end at Lac La Ronge.

When Hammond first visited Cree Lake in 1952, he was told that as far as it is known only two other parties had fished the lake with hook and line for pleasure. This year, Hammond's party fished the southern portion of the lake — which reportedly had never been fished before.

The ice does not leave the lake until after June 1. The water temperature is about 36 degrees. Hammond said the sun does not set in the area until about 11 p.m.

Friday, June 25, 1954  
The first steeplechase race in the United States was in 1834 at the Washington, D. C., Jockey Club Park.

# Senate Passes One-Year Extension Of Reciprocal Trade Law

'An Empty Gesture'  
—Demos

**WASHINGTON (P)** — The Senate Thursday night passed a one-year extension of the 20-year-old Reciprocal Trade Agreements Law despite Democrats' cries that the extension was "an empty gesture."

The vote was 71-3. Sens. Butler (R-Neb.), Malone (R-Nev.) and McCarran (D-Nev.) voted no.

Before the final decision the chamber beat down, 45-32, a Democratic move for a liberalized, three-year extension, as originally favored by President Eisenhower.

Nebraska's Republican Senators, Eve Bowring and Hugh Butler, both voted against the Democratic move.

The one-year bill now goes back to the House for consideration of minor Senate amendments. Its passage complies with the latest stand of President Eisenhower, although he originally sought the broader plan.

This plan called for a three-year extension with new powers for the President to cut tariffs up to 15 per cent. It was rejected by a solid lineup of 39 Republicans, who also were joined by six Democrats.

The idea of the reciprocal trade program is to negotiate pacts cutting U.S. tariffs in return for trade concessions from other nations. However, the tariff-cutting authority under the existing law is just about exhausted.

The Reciprocal Trade Law, fashioned by then Secretary of State Cordell Hull in 1934, actually expired June 12. The House bill would revive it and keep it on the books.

The expiration did not affect the 42 agreements now in force.

Under even a one-year extension, the administration has indicated plans to try to work out a trade pact with Japan, the only major free world country with which the United States does not have one.

But aside from an agreement with Japan, this country would be able to do little under present law to boost trade through new pacts in the next year.

In the 20 years of the law's existence, Congress has granted power first to cut tariffs 50 per cent below the Smoot-Hawley Law of the early 1930's, and to make a 50 per cent reduction in 1945 rates. The result is that cuts up to 75 per cent have been possible.

Churchill Leaves For U.S. Visit

Prime Minister Sir Winston Churchill turns to face the crowd as he and his foreign minister, Anthony Eden, board the stratoscruiser "Canopus" in London Thursday for the flight to Washington and the meeting with

President Eisenhower. Cheers went up from the crowd as the 79-year-old statesman left to try to resolve British-American differences in a week-end at the White House. (AP Wirephoto via Radio from London.)

## William A. White Of Raymond Dies

William A. White, 78, Raymond, a farmer near Lincoln in the past 21 years, died Thursday.

Born in Oskaloosa, Ia., he came to Wood River, Neb., with his parents. He came to Lincoln 60 years ago.

Mr. and Mrs. White observed their 54th wedding anniversary April 19.

Surviving are his wife, Ida; sons, Harold of Firth, John R., Claude and Gilbert all of Lincoln, and Glen of Raymond;

daughters, Mrs. Mildred Kreps and Mrs. Virginia Miller, both of Lincoln; 10 grandchildren; eight great grandchildren; brothers, Walter, Jason and John, all of Lincoln; and sisters, Mrs. Myrtle Stokes, Mrs. Lola Carney, Mrs. Hattie Smith, Mrs. Mildred Fuchsburger and Mrs. Ruth Spann, all of Lincoln, and Mamie Day of Long Beach, Calif.

Services will be held Saturday morning at the Firth Mortuary.

Interment will be in the Firth Cemetery.

## State Oil Production Set At \$16 Million

Nebraska wells produced 16 million dollars worth of crude oil last year, along with \$600,000 worth of natural gas, according to the 1954 Oil Industry Review published by the Independent Petroleum Association of America.

The publication supplies statistics for each of 27 of the nation's oil and gas producing states.

The \$16,120,000 which crude oil produced last year was worth at the wells raised to \$38,270,000 the total value of all oil produced in the state since the black gold was first discovered.

### All In Southwest

Nebraska's producing counties are listed as Cheyenne, Morrill, Deuel, Banner and Kimball, all bunched in the southwest corner of the state.

These additional oil facts about Nebraska are reported.

Seven hundred employees are engaged in producing crude oil or natural gas.

Although only 7,000 of Nebraska's 49 million acres have proved productive so far, there

were about nine million acres under lease as of Jan. 1.

Last year was the biggest so far in crude oil production, with 6,257,000 barrels produced. Natural gas production last year amounted to 4,685 units of a million cubic feet each.

### 17,100 Barrels

#### Average daily production

of crude oil last year was 17,100 barrels, compared with 7,300 in 1952, 7,000 in 1951, and 4,200 in 1950.

At the end of last year, there were 302 producing wells.

Drillers went down a total of

1,656,000 feet last year, or an average of 5,175 per well. The deepest well ever dug in Nebraska was a dry hole down 8,864 feet.

Eighteen drilling rigs were in use as of Jan. 1.

Nineteen new oil fields and

paying wells were found last year,

supplying new crude oil reserves

amounting to nearly 10 million barrels.

Total proved crude oil re-

serves as of Jan. 1 were 25 mil-

lion barrels. Proved natural gas

liquid reserves amount to an-

other three million barrels.

### New natural gas reserves found

in 1953 aggregated more than

100 billion cubic feet, raising the

number of proved reserves to

182 billion.

### Services Friday

#### For Mrs. Blevins

##### Lincoln Star Special

DAVID CITY, Neb.—Funeral services for Mrs. Vernie M. Blevins, 71, who died at her home, will be held at 2 p.m. Friday at Byers Funeral Chapel.

Surviving are one son, Vern of David City; a daughter, Mrs. Ruth Craig of David City; a brother, Buhrman S. Miller of Indianapolis, Ind.; and five grandchildren.

### That's Hay!

MANCHESTER, Conn., (AP)—For

Mr. and Mrs. Henry, the \$1,600

awarded them by a jury really

represented hay. They had com-

plained in a suit that they raised

3,400 bales of hay on a rented

farm and their landlord refused

to let them move it when they

left the farm.

## Beemer School Addition Okayed

BEEMER, Neb. (AP)—Residents of School District 55 at Beemer have approved a \$130,000 school bond issue.

Proceeds will be used to build a school addition to house a gymnasium, three class rooms, a kitchen, and other facilities.

The vote in the special election, before counting of mail votes, was 161-95.

## "Don't Be Fat!" says Mrs. BOB HOPE

Like many Hollywood notables, Mrs. Bob Hope is enthusiastic about Ayds. "Ayds has done just wonderful things for my figure," she says. "You can lose weight easily and pleasantly if you follow the Ayds way."

Ayds Plan users report losing up to 10 pounds with the very first box. Taken before meals as directed, Ayds curbs your appetite. You automatically eat less—lose weight naturally. Approved by Doctors. No drugs—no diet.
